

# Starting a New Project

There are two ways to begin creating your own project in Cricut Design Space™.

**Option 1.** From the Cricut Design Space™ project screen, click the blue “Create New Project.”

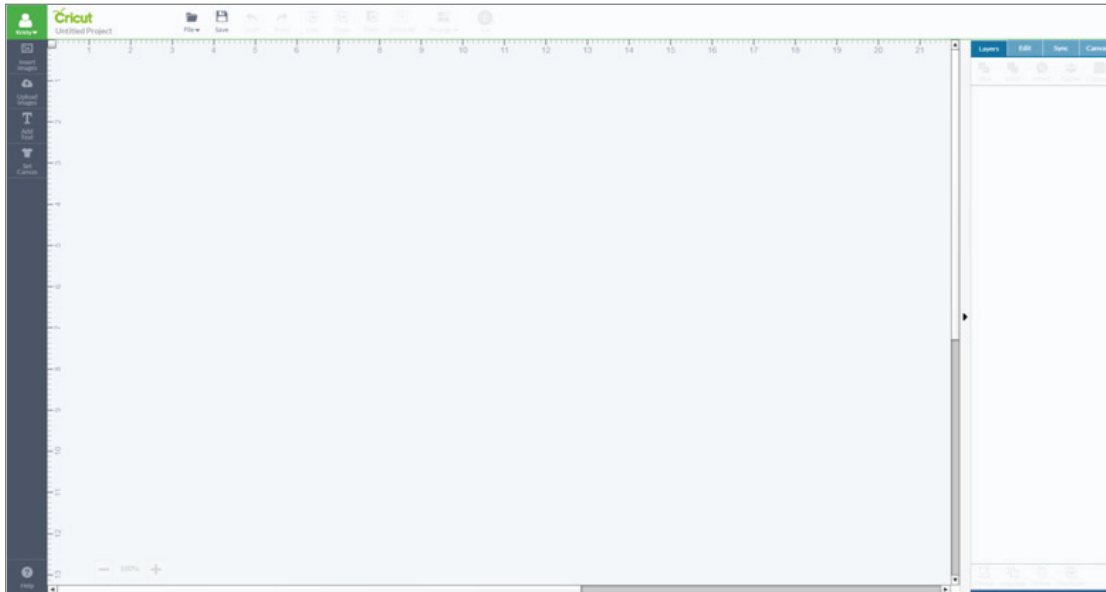

**Option 2.** From the Cricut Design Space™ project screen, click the file drop-down menu and select “New.”

## Starting a New Project

---

Both options take you to the design screen where you can begin creating your project.

*Tip: You can also start a new project from the design screen by clicking the file drop-down menu and selecting “New.”*
